SEAQUAL INITIATIVE

TOGETHER FOR A CLEAN OCEAN

Hello hotels

We know **sustainability** is a priority for you. What if you could go even further and help clean the ocean?

Here, you'll discover how we transform marine litter into high-quality materials and solutions for the hospitality sector:

Now your hotel can **clean the ocean.**

Ocean cleanups are working hard to retrieve marine litter from our oceans, beaches, rivers and estuaries.

COLLECTION POINTS OF SEAQUAL INITIATIVE:
Tunisia, Egypt, Vietnam, Mexico and Brazil.

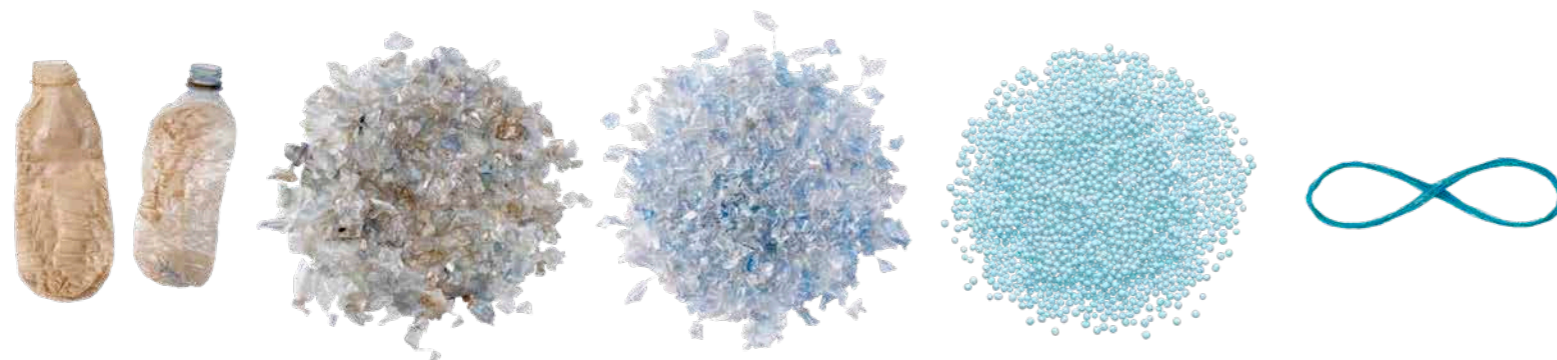

SEAQUAL INITIATIVE

works with **ocean cleanups** around the world uniting the community and implementing a **vertical supply chain to keep the process** as local as possible in order to reduce the environmental impact.

Elevate your hotel spaces while making a positive impact on our oceans.

Born as a unique collaborative community, SEAQUAL INITIATIVE fights against the plastic pollution that threatens our oceans and natural environments. Our approach is based on transforming marine litter into high-quality, sustainable materials that can be used across the hospitality sector, bringing purpose and responsibility into every space of your hotel.
